THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Woodstock on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray expenses in anticipation of taxes.
4. To see what discount will be allowed on taxes paid on or before the first of September or a later date to be set by the Selectmen and if the sum of twenty cents shall be added to each poll tax not paid on or before September 15th.
5. To see if the Town will vote to accept the budget as posted.
6. To see if the Town will vote to allow the Selectmen to sell Property taken on tax titles.
7. To transact any other business that may legally come before this meeting.

SHERWOOD AVERY,

MOOSILAUKE LIBRARY REPORT

It gives me pleasure to make the annual report of the Library. The number of patrons who made use of the library was 3,553 and the number of books and magazines taken out was 7,975.

We would like to thank Mrs. Norman Fadden for her gift of New Hampshire Profile Magazines.

We would like to thank the Quest Club for their gift-subscription to Boy's Life and Outdoor Life magazines. Also, we would like to thank the Quest Club for their gift of a Memorial Book Shelf and the first book for the shelf, "Women of the Bible," in memory of the founder of the club, Mrs. Miranda Getchell.

We would like to thank Dr. and Mrs. Wilson Knowlton for two books "Profiles in Courage" and "The Edge of the Sea" given in memory of Mrs. Minnie Knowlton.

Christmas baskets to needy families were distributed through the North Woodstock-Lincoln Lions Club, and the Littleton Elks Club. All were much appreciated.

Four Salk Polio Vaccine Clinics were conducted during the year. Those in the age group 1 year to 15 years received their two inoculations at the first two

clinics. At the two following clinics, the older group, namely the 15 to 20 year olds, received their two inoculations. This means that in this area, which consists of Thornton, Woodstock and Lincoln four hundred and forty-nine (449) individuals have received two inoculations. No person was given the Salk Vaccine without written permission.

As this report goes to press, plans are being made for a January Clinic at which time the third inoculation will be given.

These clinics are sponsored by the New Hampshire State Department of Health and the District Nurse. Mrs. Loretta Russell, R.N., representing the Health Department.

The Child Health Clinic conducted in the spring for the preschool children was well attended. At that time vaccinations against Small Pox were given, also Triple Toxoid for the prevention of Diphtheria, Whooping Cough and Tetanus. A physical examination could be had upon request.

I feel that the report of all of these clinics would not be complete without expressing gratitude to those civic minded ladies of North Woodstock and Lincoln who give their time so willingly and work so efficiently. Gratitude is also expressed to Dr. W. Seales and Dr. L. B. Copenhaver for their cooperation.

Eighty-four visits were made to the school.

Nurses examinations of one hundred and forty-six (146) pupils consisted of the following; vision tests, checking of throats, teeth, weights and heights. Parents and teachers are advised of any defects found.

Hearing tests are to be given this winter.

The children attending High School in Lincoln, if taking part in any sport, were given their examination by Dr. William Seales.

Respectfully submitted,

NORA E. PARENT, R.N.,

District Nurse

YOUR TOWN DUMP

Use It Freely

Care For It

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised — regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you — personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden — the law requires it. The warden won't refuse you if conditions are safe.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it. Save yourself much possible difficulty.

Moved by Mr. Cheney and seconded by Mrs. Avery to raise \$3000.00 to have the school building rewired, etc.

Vote in the affirmative.

Art. 15 It was moved by Fred Brown that the Moderator appoint a committee of three to work with the School Board to see if the School District could buy the baseball field and report to the next Annual School District meeting.

This was seconded by Robert Mellett.

Vote in the affirmative.

The Moderator was not prepared to appoint at this time but will soon announce the committee.

Meeting adjourned.

MILDRED G. BASTON,

District Clerk

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Woodstock qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the twelfth day of March, 1957, at eleven o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the school district will furnish transportation for the high school to a school designated by the School Board and to raise money for the same.

10. To see if the district will raise \$300.00 for the lease of the baseball field.

11. To see how much the district will raise for music.

12. To see if the district will raise money for a skating rink on the school grounds.

13. To see if the district will raise money to repair the heating system in the Grammar School building.

14. To transact any other business to legally come before this meeting.

15. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

Given under our hands at said Woodstock this 14th day of February, 1957.

EMILY B. AVERY,

School Board Chairman

M. WAYNE BOWIE,

Feb. 4, 1957

Supt. of Schools

REPORT OF PRINCIPAL

Superintendent M. Wayne Bowie
Plymouth, New Hampshire

Dear Mr. Bowie:

I hereby submit my fourth report as Principal of the Woodstock School.

The 1956-57 school year began on September 5, with an enrollment of 140 pupils. There has been a considerable number of transfers. Our enrollment on January 28, 1957 shows 73 boys and 71 girls; a total of 144, and a net gain of four pupils.

The school district has again made notable efforts to restore our school building to good condition. We feel that in some cases, the improved performances of some of our pupils can be traced directly to the new lighting system recently installed . . . which for the first time in the history of the school permits us to say . . . our classrooms are adequately lighted.

Another most welcome improvement has been the recent painting of the walls and ceilings of all of our classrooms.

We have made a good beginning in the upper grades with instrumental music . . . under the expert direction of Mr. and Mrs. C. George McClure. Some of our music pupils are doing very well, and hope to be practicing soon with a combined group, in Lincoln.

It is most gratifying to report that since last year, a large number of parents have seen to it that their children have received proper dental attention. Tooth-ache complaints are now infrequent.

Well over half of our pupils have received the protection against polio offered by the Salk Polio Vaccine. I hope it will be possible for the others to have another chance soon.

The conservation education program which we began four years ago has received considerable attention, not only in New Hampshire, but in other states, and by people connected with the Department of Education in Washington. A book on Conservation Education by Dr. Wilhelmina Hill (to be published soon) will contain a description of some of our activities. Schools in other states have written to us, asking for information, samples, pictures . . . of our projects. While our projects are limited, we feel they are valuable in helping our pupils to conserve our natural heritage, rather than destroy it.

Our School Safety Patrol is operating effectively. In addition to its main function of protecting pupils against highway accidents on their way to and from school, the Patrol has this year taken over the major responsibilities of carrying on the Junior Winter Carnival (for pupils of the four lower grades). They have done a fine job in their first attempt at anything of this kind. Patrol social activities include Special Programs, Dance Socials and Saturday hikes to such places as Lonesome Lake and Greeley Ponds.

We have organized a ski club of 24 boys and girls from the upper three grades. We would like to express our appreciation to the management of the Cannon Mountain Ski Area for allowing us free use of the rope tow on the practice slope each Thursday afternoon. We are also most appreciative of the assistance given in this undertaking by those people who have given us their time and the use of their automobiles for transportation to and from the mountain. Mrs. L. B. Copenhagen, Mrs. Raymond Bardwell, Mrs. E. Philip Lowden, Mrs. Sherwood Avery and Mrs. Clinton Hamnett have already helped us out, and several others have offered and will probably be called upon.

Mr. Corbeil has again done a very good job with the skating rink, often under very trying conditions. Many children use the rink daily, and a few adults are beginning to come over occasionally.

Though there has been a very marked general improvement in the year just past, there is still room for advance, in some directions.

Some of the desks in the building ought to be thoroughly sanded and refinished, and some now-useless chairs can be refitted and made serviceable.

There are several safety measures which should be taken. Fire extinguishers should be carefully checked. There is need for another safety railing to the basement; on the boys side. The fire escape project at the rear of the building (which has been started) should be completed as soon as possible. Using both present exits, we can, under usual circumstances, clear the building in less than two minutes. However, if one of those exits were to be cut off for any reason, we would, indeed, be much longer, without additional means of escape.

We have had, this year, a large number of dogs on the school grounds during the time before school starts in the morning, and again at noon. Several children have been knocked down, and a child occasionally gets bitten by one of these animals. Fortunately, no child has been seriously injured . . . yet. Something should be done to eliminate, or at least greatly reduce, this hazard.

We have at least two classrooms which have an urgent immediate need for replacement of old radiators, which now fall far below normal efficiency. There are some others which will probably need to be replaced in the near future.

Our most vital function is helping pupils to learn. It is a function we can perform efficiently only with parental help. There is no valid excuse for continual tardiness or unnecessary absence. Parents who permit it shirk a responsibility to their children and to the school.

Sometimes parents go to the opposite extreme. A desire for a child to have perfect attendance is, perhaps, natural. However, if a child is sick, that child should not be allowed to come to school. A sick child certainly doesn't benefit by further exposure . . . and such a situation usually means that a teacher has to leave a classroom in order to take that child home; sometimes a considerable distance. There are times when sudden sickness make such trips necessary, but we should attempt to keep them at a minimum.

A number of our pupils continually come to classes with assignments unfinished. Some of them appear to be tired and listless. They admit to viewing television programs to the late evening hours, and they sometimes probably have too many other activities . . . they do not get enough rest. Pupils sometimes attempt to do their studying in front of the television set, imagining that they can watch TV and study at the same time. Some parents are realizing that this cannot be done, and are taking suitable action. I am certain that correction of this poor study habit will result in improved work by the pupil.

We are again indebted to the Baptist Church for allowing us to hold our graduation ceremonies there. We still fall far short of our goals in the development of physical strength, stamina and coordination, largely because we have no indoor area large enough to operate a sound program of physical education.

Below are lists of the 1956 Graduates of the Junior High School and of Perfect Attendance.

SUPERINTENDENT'S ANNUAL REPORT TO THE WOODSTOCK SCHOOL DISTRICT

Hereby submitted is my annual report as your Superintendent of Schools.

The schools in North Woodstock began the school year 1956-1957 with no change in regular teacher personnel. Our present staff is well qualified and are doing an excellent job. You will find differences in any staff whereby one teacher will do a better job in one area and another teacher do the same in others, but it is my feeling that throughout the system you have a well balanced group of teachers.

Mr. Malfa, who we hired to do music supervision, resigned in June to take a position nearer Boston and this year music has been confined to instrumental instruction which is working out very well. There is no question that the pupils who are receiving this instruction are benefitting greatly. However, for a slightly greater expenditure, I think it would be possible to obtain a well qualified music supervisor who would teach in each grade every week. This might be considered in future plans.

Insofar as I can determine, the Woodstock high school pupils who are attending Lincoln High have fitted very nicely into the educational picture there and from an educational and social standpoint, the integration has benefitted both towns.

A testing program is now organized to a point where we have what I consider an excellent minimum program. Achievement tests are given twice yearly, once in the fall for diagnostic purposes and again in the spring to evaluate the pupil and the teaching. They are also administering readiness tests in Grade I and mental ability tests annually in Grades 1, 3, 5, and 7. Thus over the elementary school period we obtain a comprehensive picture of pupil progress, results, and expectations.

The capital outlay on the building this year has been significant and needed. The new lighting now meets with health standards which was not previously true, and the painting of the inside of the building has improved the appearance tremendously. Two other major items which I feel should be called to your attention would be a complete overhaul of the heating system and painting the outside of the building.

We have enjoyed what I consider a good educational year. Minor problems have arisen as they always do in any school system, but it seems to me at this point that your school is being run far more efficiently than ever before. I would like to thank the teachers, school board, and parents for their interest and cooperation in the schools during the past year. Please feel free to contact me with any of your educational problems.

Respectfully submitted,

M. WAYNE BOWIE,

Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent as per the following quotation:

“REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union.”

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1955-1956 received a salary of \$6050 which was made up as follows: \$2500 paid from the per capita tax and \$3550 pro-rated among the several school districts. Allowance of \$850 for travel within the union was also pro-rated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 657.75	\$ 157.25
Dorchester	67.45	16.15
Plymouth	1,275.51	305.40
Rumney	500.55	119.85
Thornton	263.77	63.16
Wentworth	182.12	43.61
Woodstock	603.85	144.58
	<hr/>	
Totals	\$ 3,550.00	\$ 850.00

Superintendent's salary for 1955-1956 based on the above figure is reconciled as follows: \$3550 paid by the various districts, plus \$2500 received from State per capita tax, equals \$6050 Superintendent's basic salary. This, plus \$850 travel allowance allocated as indicated above, totals \$6900—amount received from State Treasurer for salary and travel of the Superintendent of Schools.
